Product description

• A set of three V-TAC A60 LED bulbs with an E27 base has been designed as a modern and efficient alternative to traditional 100W light sources. Filament technology ensures stable operation, high efficiency and a longer life of 20000 hours. The filament construction with a full beam range of 360 degrees offers a powerful luminous flux of 1521 lumens, making the bulbs ideal for illuminating larger rooms. Made of durable materials, they ensure lightness and easy installation in standard E27 fittings. The 3 pack is designed for retail sales and users who need more bulbs for home or commercial spaces. The set is suitable for hotels, bars, commercial premises, residential and decorative spaces.
