Product description

• RGB Magic LED neon with a length of 5 meters, powered by USB, intended for decorative lighting installations. Made of durable materials, ensuring lightness and easy installation. Neon uses stable technology, which ensures better reliability and long life. It can be controlled using the LotusLamp X app, remote control or button on a USB controller. Thanks to its flexible design, it is perfect for places with limited installation space. Perfect for illuminating edges, furniture, counters, shelves, alcoves and many other decorative and party applications.
