## Product description

• The V-TAC hanging lamp with a contemporary, elegant design is an ideal element of modern residential and commercial interiors. The structure is made of Fabric and Metal materials, ensuring durability, stability and an aesthetic matte black finish. The lamp has been designed with an E27 base, which allows quick installation and free selection of the appropriate bulb power. The maximum power of the light source is 60W. Adjustable height up to 1.5 meters allows you to perfectly fit the lamp to the space and arrangement. The product is intended for internal use and is perfect for hotels, restaurants, salons, commercial premises and in decorative and residential spaces. Solid construction ensures long life and reliability in everyday use.
