Product description

• The V-TAC hanging lamp in a modern style was designed for contemporary residential and commercial interiors. The structure made of metal and glass gives the frame an elegant look and ensures durability during everyday use. The black and white finish creates an aesthetic, decorative effect that perfectly matches modern arrangements. The lamp uses a standard G9 base, which allows easy installation and selection of the appropriate light source. Adjustable height up to 1.5 meters allows it to be adapted to various spaces. The product is intended for internal use and works very well in hotels, restaurants, apartments, living rooms and modern decorative spaces.
