## Product description

- The V-TAC LED panel with a power of 40W has a 3 year warranty and a high-quality power supply that affects the long life of the luminaire. The luminous efficiency of 120 lumens per watt ensures strong and uniform illumination, and the built-in SMD diodes guarantee reliable operation in everyday use. The structure made of metal and PS is light and durable, which facilitates installation in ceiling systems. The panel generates 4800 lumens at a beam angle of 110 degrees, making it perfect for larger rooms. Designed for offices, conference rooms, showrooms, receptions, kitchens and other utility spaces requiring effective lighting.
- Possibility of hanging using accessory V-TAC cables SKU 6018 (available separately)
